## **RADIO CONTROL**

### **2.4GHz**

#### **Transmitters:**

Futaba T8J (+ handbook & charger)	1
-----------------------------------	---

#### **Receivers:**

Futaba R2008SB	1
----------------	---

### **35Mhz**

#### **Transmitters:**

Futaba T6EXA ( + charger)	2
---------------------------	---

#### **Receivers:**

Futaba R147F	4
--------------	---

Futaba 136F	1
-------------	---

#### **Servos:**

Futaba S3010 servo.	1
---------------------	---

Futaba S3004 servos	7
---------------------	---

Futaba FS148	6
--------------	---

Horns / Mounting screws & bushes

#### **Misc. wiring:**

Battery Switch with Charging Port	2
-----------------------------------	---

Battery Switch no Charging Port	3
---------------------------------	---

Y Lead	4
--------	---

Servo Extensions leads (various lengths)	15
------------------------------------------	----

Rcexl Opto Kill Switch	1
------------------------	---

Battery packs

## **MISC**

Williams 1/6 scale WW1 Vickers & Lewis guns (kits)	2
----------------------------------------------------	---

Prolux Heat Sealing Iron	1
--------------------------	---

Flight box

Glow plugs + clip + battery

Engine Starter Motor

Flight Panel + battery

Fuel Pump (manual)

Wood

Tissue

Pilots

Wheels and U/C (Wire / Aluminium / Carbon Fibre)

Set of veneered foam wings. 62" span x 6" chord.
